At the outset, Prof. K. Dorasami, Principal, Regional Institute of Education, Bhubaneswar extended a hearty welcome to Prof. L.N. Mishra, Vice Chancellor, Utkal University for giving his kind consent to preside over the meeting, and other Members and Special Invitees for attending the meeting. Prof. L. N. Mishra, Chairman, Management Committee also extended his welcome to everybody and asked for self introduction of members and special invitees present in the meeting. After the self introduction Prof. K. Dorasami, Principal explained about the functions of RIEs as well as N.C.E.R.T. Regional Institute of Education, Bhubaneswar, a constituent unit of National Council of Educational Research and Training (NCERT), New Delhi, an autonomous organization under the Department of Education, Ministry of Human Resource Development, Government of India, setup for bringing about qualitative improvement in School Education. At present, the Regional Institute of Education, Bhubaneswar offers the following in-service courses viz.

- i) 4 -Year B. Sc. B. Ed.
- ii) 2 -Year B. Ed.
- iii) 1 -Year M. Ed. and
- iv) 1 -Year PGDGC

Utkal University awards the degrees for the courses for B. Sc. B. Ed., B. Ed. and M. Ed. whereas the NCERT awards Diploma for PGDGC. After appraising about the functions of RIE, Prof. K. Dorasami, Principal, Regional Institute of Education, Bhubaneswar requested Prof. L. N. Mishra, Vice Chancellor, Utkal University and Chairman of the Management Committee to conduct the proceedings.

Agenda – I : To confirm the minutes of the 41st meeting of the Management Committee of the Regional Institute of Education (RIE), Bhubaneswar held on 6. 2. 2004 at 11 : 00 A. M.

After a thorough discussion the minutes of the 41st meeting of the Management Committee were confirmed.

Agenda – II : To consider the action taken on the Minutes of the 41st Meeting of the Management Committee held on 6. 2. 2004.

The Institute has been identified for installation of teleconferencing facilities. As soon as the technology is available, the facilities of teleconferencing shall be used for In-service teacher training.

Regarding impact assessment of the programmes organized by Regional Institute of Education, Bhubaneswar on the quality of school education and teacher education it was decided in the SCC Meetings that the SCERT, Orissa in collaboration with RIE, Bhubaneswar will undertake the impact study.

Agenda – III : To receive the Report of the Activities of Regional Institute of Education, Bhubaneswar, in brief, for the year 2004 – 2005.

Dr. M. K. Satapathy, Head, Department of Extension Education, presented the Course-wise and State-wise enrolment position for the year 2004 – 2005, for admission position of SC/ST candidates for the year 2004 – 2005 and the results of the University Examination held in May 2004.

He also presented the programme-wise status report for 2004 – 2005 as on 28. 2. 2005. Dr. Satapathy told that 45 programmes had been approved by the PAC of N.C.E.R.T., of which 24 have been completed, 10 programmes are likely to be completed by the end of March, 2005 and 1 programme was dropped. The Institute also helped in conducting one programme each of DESM, NCERT, New Delhi and PSSCIVE, Bhopal. The Regional Institute of Education, Bhubaneswar organized the Regional Seminar on National Curriculum Framework Review during January 28 – 29, 2005.

The Director, S.C.E.R.T., West Bengal Dr. Rathindra Nath De suggested for re-introduction of the B. Sc. (Hons.) B. Ed. in the Regional Institute of Education to attract high achievers. Prof. P. K. Durani, Head, DESM, Regional Institute of Education, Bhubaneswar also endorsed the re-introduction of B. Sc. (Hons.) B. Ed., and M. Sc. Ed. courses in view of the

available infrastructure in the Institute. Mr. P. K. Mishra, Director's Nominee also stressed on the need for introduction of B. A. (Hons.) B. Ed. course.

In answering the query of Dr. R. N. De, Director, SCERT, West Bengal regarding the suspension of the B. Sc. (Hons.) B. Ed. and B. A. (Hons.) B. Ed. courses, Mr. P. K. Mishra told that the students of these courses used to go for higher studies and found placement in fields other than teaching and the very purpose of preparing quality teachers was defeated. It was unanimously agreed to create a conducive climate for bringing about qualitative improvement in the teaching-learning process.

The Principal observed that while the members have expressed their opinions he was of the view that the pre-service courses should reflect the needs of the schools in the region.

Agenda – IV : To receive the report of the activities of D. M. School, Bhubaneswar for 2004 – 2005.

Mr. Akhileswar Mishra, Headmaster, D. M. School presented the Students strength for the year 2004 – 2005 and CBSE results of Classes X and XII for 2004. He also presented the Students' Achievement levels. He told that 14 students of D. M. School, Bhubaneswar qualified for the Second level National Science Olympiad Examination held on 19. 2. 2005. Thirty five students participated in the INDEM meet held at RIE, Mysore from 27th to 30th December, 2004 and bagged a number of prizes. The D. M. School and was declared Athletic Champion and got the overall first position in terms of points.

Mr. A. Madhuwal of Class X was awarded NTS scholarship during the year 2004. Special coaching is being imparted to achieve better results in future.

Members also expressed their dissatisfaction over the poor percentage of results of +2 Humanities. Mr. Mishra, the Headmaster told it was due to admission of compartmental students of D. M. School in Arts stream as per the CBSE norms.

Agenda V : Minutes of the State Coordination Committee(SCC) Meetings.

The minutes of the State Level Coordination Committee Meetings of Regional Institute of Education, Bhubaneswar for the states of Orissa, West Bengal and A & N Islands, Bihar and Jharkhand were presented. The main purpose of the SCC meetings with the different departments of Education in the states of the region is to identify their training needs and prepare relevant programmes for inclusion in the list of PAC Programmes of RIE, Bhubaneswar.

Agenda VI : To consider the programme proposals of NERIE, Shillong for 2005 – 2006
Dr.(Mrs.) U. Konwar, OSD, NERIE, Shillong briefed the committee of the difficulties in organizing programmes in the North Eastern region.

All programmes submitted by NERIE, Shillong are being recommended for approval by the PAC. The request for allotting a higher budget for organizing programmes in the North-Eastern region has to be referred to the Chairman, PAC of NCERT because of the financial implications contained therein.

Agenda VII : To consider the programme proposals of Regional Institute of Education, Bhubaneswar for 2005 – 2006.

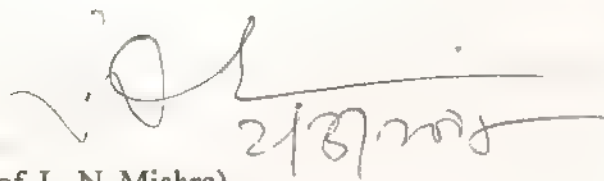

Prof. V. K. Sunwani Head, DESSH presented the programme proposals of Regional Institute of Education, Bhubaneswar. A total of 32 programme proposals were submitted of which 19 were Training, 7 for Development, 1 for Orientation, 3 for Research, and 2 were Extension Programmes. Explaining the category of the programmes, he told that 25 were new programmes, 3 were On-going and 4 were Carried over programmes. A total of 31 programmes were recommended for consideration of the PAC of N.C.E.R.T.

Agenda VIII : Any other matter with the permission of the chair

In many cases the Institute was facing difficulty for want of timely deputation of Key Resource Persons for the programmes for resulting in delay or cancellation of the programmes.

As an alumini of the RIE, Bhubaneswar. Dr. R. N. De, Director SCERT, West Bengal wished for higher excellence for Regional Institute of Education, Bhubaneswar in the field of teacher education.

The meeting ended with a vote of thanks by Dr. M. K. Satapathy to the Chair and members attending the 42nd meeting of the Management Committee, Regional Institute of Education, Bhubaneswar.

University of Patna, Patna | Member |
| 5. | Mrs. Amukta Mahapatra,
Director, School Scape,
2132/5124, Nageswar Tangi,
Lewis Road, Bhubaneswar | Member |
| 6. | Prof. P.K. Durani,
Head, DESM, RIE, Bhubaneswar | Member |
| 7. | Prof. S.C. Panda,
I/C Head, DE, RIE, Bhubaneswar | Member |
| 8. | Dr. T.J. Vidyapati,
Head, DEE, RIE, Bhubaneswar | Member |
| 9. | Mr. A. Mishra,
Headmaster, DM School,
RIE, Bhubaneswar | Member |

At the outset, Prof. V.K.Sunwani, I/C Principal and Chairman of IAB welcomed the members. He expressed his sincere thanks to Prof. M.S.Khaparde, Head, PPMED, NCERT and other members especially from Bihar, West Bengal and Orissa for making it convenient to attend the meeting. As desired by the chairman, the members introduced themselves and thereafter, the agenda items were taken up.

Prof. V.K.Sunwani, chairman of IAB, presented in brief the roles and functions of RIE, Bhubaneswar and later highlighted the pre-service and in-service programmes of the Institute.

Prof. M.S.Khaparde, Head, PPMED, NCERT, first introduced to the members the various units of NCERT. He explained to the members the functions of Programme Advisory Committee (PAC) and the purpose of constituting the Institute Advisory Board (IAB). He informed that the main purpose of IAB was to review the programme proposals formulated by RIEs based on the educational needs of the states in the region and recommend the programmes to Management Committee of RIEs for consideration.

Dr. T.J.Vidyapati, Head, DEE, presented the status of PAC programmes of the Institute for the year 2005 – 2006. He informed that out of 40 PAC approved programmes, 30 programmes have been completed which amounted to 75% and the distribution of the programmes across the states/ region includes: Regional level 4; Northeastern region 9, Orissa 8; Jharkhand 5; A & N Islands 4; Bihar 3; and West Bengal 2. – some programmes being common to two / three states. He expressed his regrets at dropping of 5 programmes either due to low turn out of participants or due to no response from the states and carrying over of 5 programmes at the request of state governments as they expressed their inability to depute participants during the current financial year. He informed the members the areas / topics in which the PAC programmes were organized and they include: Institutional Planning & management, Inclusive Education, Research Methodology, Effective Communication Skills, Classroom Transactional Strategies, Teaching of Social Sciences, English, Oriya, Mathematics, Biology and Science & Technology, Competency Based Teaching & Learning, Work Oriented Education, Development of Life sketches of great personalities, Development of Training Package for Teaching of Social Science / English, Studies on relative effectiveness of pre-service secondary teacher training programmes, Working with Community, Study of dropout of girls at elementary level, Integration of values with teaching of science, Development of low cost science kit, Status study of science education in rural secondary schools, Physical education, Development of visual model on organization of teaching practice, Educational Technology Classroom

Management & Parental Participation in Education of children with special needs. He informed the board that apart from PAC approved programmes, the Institute had organized two programmes under SSA, three content-cum-pedagogy enrichment programmes for 100 teachers from model schools run by SC/ST Development Department of Govt. of Orissa and a 21 day refresher course for Lecturers and Sr. Lecturers at the request of Academic Staff College, Utkal University.

Shri Akhileshwar Mishra, Headmaster of D.M. School, presented an overview of the activities of the school. He highlighted the CBSE results of class X and XII students for 2005. Apart from this, he briefed the board about the achievements of students in NTS, Science Olympiad and Cyber Olympiad. He also informed the house about the involvement of teachers Textbook writing and other activities of NCERT. Prof. Khaparde expressed his displeasure at the results of DM school and advised the Headmaster to initiate suitable steps to improve the performance of students in science subjects. He also requested the Headmaster to take appropriate steps to improve the students' strength in commerce subject.

Prof. S.C. Panda, I/C Head, DE and I/C Academic Section presented the details regarding enrolment of students in the Institute course-wise and state-wise for the year 2005 - 2006 and the examination results of students for last year. Prof. Khaparde, explaining the importance of role of counselors in schools, suggested that the Institute may enhance students' intake in PGDGC course. Prof. Panda presented in brief the details of 13 programme proposals from Department of Education for 2006 - 2007. The areas / topics covered in those programmes include: EDUSAT in Curriculum Transaction, Disaster Management, Creative & Productive Work, Inclusive Education for Challenged group of learners, ICT pedagogy integration through teleconferencing, Research Methodology and Computer based Statistical Analysis, Working with Community, Training on ICT and Educational Research. Prof. Khaparde suggested that the Institute may take up general orientation programmes to newly recruited SC/ST teachers.

Prof. V.K. Sunwani as Head, DESSH presented the PAC programmes from DESSH for the year 2006 - 2007. There were a total of 12 programmes related to training, development and extension catering to the educational needs of eastern states and also of UT A & N Islands. The areas / topics covered in those programmes include: Content-cum-pedagogy Enrichment in Teaching of English / Hindi / Social Science / Oriya / Geography at different levels, Competency based testing, Development of Human Values through Art Education and National Curriculum Framework 2005. Prof. Sunwani expressed his wish to organize one more programme at regional level involving all eastern states to orient state functionaries on NCF 2005.

Prof. P.K.Durani, Head, DESM presented the programmes proposed by DESM for the year 2006 – 2007. The major areas / topics covered in the programmes include: Development of handbooks / instructional materials in Science & Mathematics, Environmental Education, Women's Education and Empowerment, Value Education, Activity based teaching – learning of Science & Mathematics and Revision of the curriculum of four year integrated pre-service teacher education programme.

Prof. Sunwani invited the external members to give their observations.

Mrs. Amukta Mohapatra called upon the Institute to spell out the Vision of RIE, Bhubaneswar. She felt that the good work that was being done by the Institute should be properly disseminated among the concerned in the states of the region.

Mrs. Shubra Chatterjee suggested that the Institute should take up some programmes to bridge the gap between

- students with home support and students without home support
- actual classroom realities and pre-service teacher education

She expressed that the good work that was being done by NGOs to address the problems of school system be integrated in teacher education.

Prof. Vinay Kanth felt that the quality of school education in general is low in most of the states and RIE should do something through its interventions by involving itself right from guiding the states in educational planning and policy matters. The RIE needs to give larger attention to community linkages in its programmes, he observed

Prof. Khaparde observed that the dissemination is a major concern and he suggested that the RIE could address this problem by posting the summaries of reports on its website. He suggested that the Institute may take up more collaborative projects with other units of NCERT and external board members. Prof. Khaparde observed that there should be more number of programmes exclusively for weaker sections of society. Since the four year integrated B.Sc.B.Ed. Syllabus is not revised, he suggested that the Institute may take up the revision work in the light of new recommendations of NCF 2005 through PAC programme. He expressed the need to have one more IAB meeting, if possible, before SCC meetings.

The meeting ended with vote of thanks to the chair and other members of IAB by Head, DEE.

AGENDA – II

**ACTION TAKEN REPORT ON

COLLABORATING PROGRAMMES ORGANISED BY THE INSTITUTE

Programme for SC/ST Development Department, Govt. of Orissa

The Institute has organized three week content-cum-pedagogy enrichment programme from January 12 to 31, 2006 for teachers working in Model schools run by SC/ST Development Department, Govt. of Orissa. Total of 100 teachers belonging to Science & Mathematics, Languages and Social Sciences subjects participated. The areas covered during the training programme were based on the needs of the participants. This programme was fully funded by SC/ST Development Department, Government of Orissa.

Refresher Course for Lecturers and Sr. Lecturers

The Institute, on the request of Academic staff college, Utkal University, organized 21 days refresher course for Lecturers and Sr. Lecturers in Education from January 10 to 30, 2006. The faculty members of the Institute and other eminent educationists acted as resource persons. The programme was fully funded by Academic Staff College, Utkal University.

SSA Programmes

The Institute has SSA cell with six faculty members attached to it. A Regional level sharing Meeting on quality of Elementary Education under SSA was organized during March 27 - 28, 2006. The innovative classroom practices adopted by the participants in their respective states to improve the quality of elementary education were discussed. Apart from state functionaries, nominees of MHRD and NGOs working for SSA participated in the programme.

Work related to Development and Maintenance of Database of Elementary Education and Teacher Educators in the region has been taken up by the Institute. This is being done to facilitate need based training inputs to the teacher educators of requisite background to enhance their capabilities and effectiveness as key resource persons, in achieving quality improvement within schools - classrooms.

Capacity Building of State functionaries in Environmental Education and Disaster Management and Mitigation (DMM)

A training programme on capacity building of functionaries in Environmental Education and Disaster Management and Mitigation (DMM) was organized in the Institute from March 20 to 24, 2006. A large number of educational functionaries such as teacher educators from SCERTs / DIETs / State Boards of Education / KVs / JNVs participated in the programme. Apart from the Institute faculty, faculty from other organizations concerned with disaster management and a few NGOs acted as resource persons.

AGENDA – V

**MINUTES OF
STATE COORDINATION COMMITTEE (SCC)
MEETINGS**

STATE COORDINATION COMMITTEE MEETING FOR THE STATE OF ORISSA

Date: 28th November, 2005

Venue: RIE, Bhubaneswar

Minutes of the State Coordination Committee Meeting

The State Coordination Committee Meeting for the state of Orissa was held on 28th November, 2005 at 4:15 PM in the staff common room of Regional Institute of Education, Bhubaneswar. The Commissioner-cum-Secretary, School & Mass Education Department, Govt. of Orissa chaired the Meeting. The other members present in the meeting include:

1. Prof. V.K.Sunwani, I/c Principal of RIE and Convenor of the meeting
2. Prof. P.K.Durani, Head, Department of Education in Science and Mathematics, RIE, Bhubaneswar
3. Prof. G.N.P.Srivastava, Head, Department of Education, RIE, Bhubaneswar
4. Dr. T.J.Vidyapati, Head, Department of Extension Education, RIE, Bhubaneswar
5. Director, ST and SC Development Department, Govt. of Orissa
6. Director, Primary Education, Govt. of Orissa
7. Chairman, CHSE, Orissa
8. Shri F.C.Swain, Academic Officer, BSE, Orissa
9. Regional Director, NCTE, Bhubaneswar

At the outset, the convenor of the meeting Prof. Sunwani formally requested the Commissioner-cum-Secretary to chair the meeting and the Secretary readily agreed. Prof. Sunwani presented briefly the main Roles and Functions of the Regional Institute of Education, Bhubaneswar. He also highlighted the purpose of constituting the State Coordination Committee by NCERT.

Prof. P.K.Durani, Head, DESM, gave a brief description of the programmes organized by the Institute during 2004 - 05 for the state of Orissa. He informed the members that four PAC programmes requested by the ST & SC Development Department could not be organized during that year due to non-deputation of participants by the department before the end of the financial year and hence they were carried over to the next financial year.

Dr. T.J.Vidyapati, Head, DE, gave a brief account of the PAC programmes that were being organized by the Institute for 2005 - 06. He informed the members that there were thirteen PAC programmes to be organized for the state of Orissa during the current financial year and out

of them, two programmes had been completed and rest of the programmes were at different stages of completion. He also briefed the members about the three PAC programmes that were related to Pre-service Teacher Education organized at regional level, one state funded orientation programme for teachers of Model schools and three SSA activities which were to be conducted at the regional level. The chairman made queries about the details of some of the PAC programmes and the Institute's plan under SSA activities to which the Head, DEI replied.

The Director, Primary Education requested the Institute to develop parameters for measurement of quality of inputs that are being given by the state to teachers under SSA. He also opined that the Monitoring and Evaluation Tools developed by SCERT were too lengthy with so many parameters and application of such tool in the field was becoming difficult. He expressed his satisfaction at the Monitoring tools developed by RIE, Mysore for the state of Karnataka and requested the Institute to develop similar tools for the state of Orissa also.

The Director, SI and SC Development Department, requested the RIE to organize training programmes for key resource persons Ashram Schools at primary level in the areas of Mathematics, Science, English and MIL.

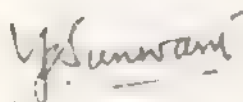

The Academic Officer representing the BSE of Orissa requested the Institute to develop instructional materials (Teachers' Handbooks) for class IX and X in the areas of Mathematics, Science, English and Social Studies. He also requested for Teacher Training Programmes in the areas of Agriculture, dairy / Pisciculture, Environment education, Population Education and Computer Education.

The Regional Director, NCIE commended the work of RIE and desired that the highlights of each PAC programme completed may be presented to the members by the concerned coordinator prior to the SCC meeting. He suggested that a summary of each PAC programme completed might be sent to the members for information. He also expressed the need for pre-school teacher education programmes in Orissa.

In the end, Head, DE of the Institute requested the various departments to send their educational needs to SCERT so that the Institute could get the state educational needs from them in future. He wished that the faculty members from the state departments also be involved in SSA activities of the Institute. He thanked all the members for taking keen interest in attending the SCC meeting and giving their requirements. He profusely thanked the chairman for extending his cooperation and academic support to all the activities organized by the Institute for the state of Orissa.

Following are the Programme Proposals for 2006-07

1. Development of Tools for Monitoring and Evaluation of Teacher Training Programmes under SSA in Orissa
2. Content cum-Pedagogy Enrichment Programme in Science, Mathematics, English and MH - Orissa for Key Resource Persons of High Schools and Ashram Schools
3. Development of Instructional Materials in Science, Mathematics, English, Social Studies for Teachers at Secondary level (Class IX & X)
4. Training Programme for Teachers in the areas of Agriculture, Dairy, Pisciculture, Environment Education, Population Education, Computer Education (Basis)

At the outset Dr. J.S.Padhi, Convenor of the meeting extended a hearty welcome to the Chairman, members and nominees of the SCC. Dr. Padhi also highlighted the functioning of NCERT and RIE, Bhubaneswar and the purpose of the meeting. Thereafter, discussion on the agenda was taken up.

- The minutes of the last meeting held on 13.1.2005 was confirmed.
- The five PAC programmes undertaken during 2004-05 were reviewed by the members of the committee. Out of the five programmes four were completed and one was dropped due to no response from the state govt. The members expressed their satisfaction about completion of the programmes during the year.
- The five PAC programmes undertaken during session 2005-2006 were also reviewed by the committee

Dr. J.S.Padhi informed the committee that all the programmes proposed for the year will be undertaken during this year only. All the programmes are initiated by the programme coordinators. The members requested that let the orientation/training programmes be conducted between April and September and before Dusherra- Diwali vacation so that there will be good number of participants may be attending the programme. The developmental programmes may be conducted at any time.

The committee recommended the following programmes for consideration of the management Committee of RIE, Bhubaneswar for the year 2006-07.

1. Training on New Curriculum Framework (NCF-2005) for School Education to the Secondary Teacher Educators
2. Training Programme of Key Resource Persons in the Teaching of Hindi and Hindi at Secondary Level.
3. Training on methodology of Inculcation of Values in Secondary School children.
4. Training of Teacher Educators in Integrated Education for the Disabled
5. Effective use of Computers in classroom teaching at secondary and primary level
6. To develop skills and techniques among the primary school teachers regarding writing the text-books at different primary level and development of a Hand-book for the purpose
7. Special training programmes for teacher educators on school management.
8. Induction level training of DIET faculty regarding functions, role, and duties about the DIET.
9. Training programmes in English for teachers teaching at primary level especially in class I and II.

10. Training on adaptation of NCF-2005 in the state of Bihar, and subsequent preparation of training - modules for the teachers, syllabus and text-books.
11. Special training programme for the teachers working in SC and ST and handicapped primary and secondary schools managed by Social Welfare Dept. and by Welfare Dept. Govt. of Bihar.
12. Orientation course of statistical Personnel of Human Resource Development, Bihar regarding data analysis and survey.

At the end, Dr. O.N.Singh, of RIE, Bhubaneswar proposed a vote of thanks to the Chairman and members of the committee present.

However, the representatives of the A & N Islands could not attend the meeting.

The main points which emerged in the meeting were as follows:

- The PAC programmes organized by RIE, Bhubaneswar must be informed to the Director, SCERT, West Bengal and the Principal Secretary, School Education, Govt. of West Bengal well in advance (about six weeks) so that suitable deputation of personnel be arranged.
- Some of the PAC programmes may be organized at Kolkatta also but the financial norms of NCERT must be adhered to while organizing the programmes at Kolkatta.

- It was suggested by the Principal Secretary, School Education that some resource persons from West Bengal should also be invited in the PAC Programmes of RIE.
- Programme calendar of RIE, Bhubaneswar should be sent to the Principal Secretary, School Education and Director, SCERT, Govt. of West Bengal in the beginning of the session so that participation may be arranged on time.
- As the list of the programmes for West Bengal were not ready, the Principal Secretary promised to send the list at the earliest after the finalization of the same.
- Some proposed programmes related to the material development under Educational Technology were suggested to be submitted before the CIET, NCERT, New Delhi. However, it was suggested by Prof. Srivastava that training for computer assisted learning can be taken up by RIE, Bhubaneswar. Similarly it was also suggested that for the utilization of teleconferencing studio at RIE some official from the West Bengal Education Department may visit and assess the possibility for the same.
- It was also suggested that programmes related to development and review of textbooks, NIE, NCERT, New Delhi may be approached.
- It was also suggested that sufficient numbers of programmes may be proposed in the field of teacher training and research for IASE, CIE and DIET faculty members
- A workshop for the review of material and courses of study developed at West Bengal for English teaching can also be organized at RIE, Bhubaneswar at Kolkatta.

**REGIONAL INSTITUTE OF EDUCATION (NCERT),
BHUBANESWAR**

**STATE COORDINATION COMMITTEE MEETING FOR THE STATE OF
JHARKHAND**

**30 January 2006
11 a.m.**

In the Chamber of Shri Sukhdev Singh,

Secretary,
MHRD,
Government of Jharkhand,
Telephone Bhawan,
Dhurwa,
Ranchi.

The State Coordination Committee meeting for the State of Jharkhand was held in the chamber of the Secretary, MHRD, Govt. of Jharkhand, Shri Sukhdev Singh, IAS. He was very warm, cordial and receptive to know of the NCERT and the RIE, Bhubaneswar of which Dr. VK. Sunwani, Professor, gave a brief overview to apprise the members of the body and its constituent unit for Eastern India, the RIE, Bhubaneswar. Doubtless it was only to refresh their memories since anyone connected with education at any level is knowledgeable of them. Members who attended and participated in the meeting were:

- | | |
|--|----------------------|
| 1. Shri Sukhdev Singh
Secretary,
Govt. of Jharkhand,
Ministry of Human Resource
Development (MHRD),
Telephone Bhawan,
Dhurwa,
Ranchi, Jharkhand | Chairman |
| 2. Prof. V.K. Sunwani,
I/C Principal,
RIE, Bhubaneswar. | Member &
Convenor |
| 3. District Education Officer,
Court Campus, Ranchi, Jharkhand. | Member |

| 10. Shri Kulwant Singh,
Special Secretary,
Govt. of Jharkhand
Ministry of Human Resource
Development (MHRD),
Telephone Bhawan,
Dhurwa, Ranchi, Jharkhand | Member |
| 11. Director,
Vocational Education,
Govt. of Jharkhand, MHRD,
Telephone Bhawan, Dhurwa,
Ranchi, Jharkhand | Member |

12. State Education Survey Officer-cum-Project Director, (Secretary, Primary & Adult Education) Govt. of Jharkhand, MHRD, Telephone Bhawan, Dhurwa, Ranchi, Jharkhand.	Member
---	--------

13. Dr. Sukumar Das, Reader, RIE, Bhubaneswar	Member
---	--------

Dr. V K. Sunwani also gave the status of the ongoing programs. Some delay in these was caused for lack of attention, or the wrong person had been contacted. Immediately, the Secretary announced that Nodal officers for secondary and primary level, especially for RIE would be appointed.

The following have been appointed Nodal officers for Jharkhand for RIE programs

1. Shri Chandra Kishore Singh Dy. Director Primary Education Directorate of Primary education Jagannathpur High school Dhurwa Ranchi	Nodal officer for Primary level
--	---------------------------------

2. Shri Yamuna Giri Secondary Education Directorate of Secondary education MDI (Telephone Bhawan) Dhurwa Ranchi	Nodal officer for Secondary level
--	-----------------------------------

In all cases, a copy of the letter has also to be sent to Shri Kulwant Singh, Special Secretary, MHRD, Jharkhand.
Fax. No. 2400797
Phone No. 0651 2403834

Suggestions received from the members and Shri Sukhdev Singh were that

1. The in-service programs be of a longer duration, say 10 - 15 days
2. Some of the programs be held in different areas of Jharkhand, besides Ranchi

3. KRPs may also include teachers – an equitable distribution may be made consisting of teachers, teacher educators and DIET personnel keeping in mind their academic standards and attainments. Necessary relieving orders along with salary certificates be issued to them by the officers concerned.

4. Jharkhand itself will organize similar in-service programs to which the RIE faculty will be invited as expert resource persons.

5. If feasible, at least two programs in each subject are organized by the RIE for Jharkhand.

6. Supervisors of RIE, Bhubaneswar who come for the internship in teaching program of their students be requested to extend their stay by at least 2 days so that they can orient the teachers of Jharkhand in their subject, and other areas of education, specially the NCF 2005

Ull such time as Jharkhand has a regular SCERT, a Cell may be formed which will identify potential resource persons. The level of training programs in Jharkhand is poor and it is hoped that this cell will look to improving it immediately. In the state's programs, participants should be given book grants so that they have holistic education.

Following were the proposals received from the members for 2006 - 2007

1. Training Key Resource Persons in teaching English at the Primary level.
2. Training Key Resource Persons in teaching English at the Secondary level
3. Training Key Resource Persons in teaching Mathematics at the Secondary level
4. Training Key Resource Persons in AHPL, with emphasis on Yogic Education
5. Training Key Resource Persons in techniques for Education for the differently challenged.
6. Training Key Resource Persons in Inclusive Education.
7. Training Key Resource Persons in teaching Geography at the Secondary level. (?)

Shri Sukhdev Singh suggested to explore the possibility for the programs to be organized in Hindi, that being the medium of instruction and education in Jharkhand. Dr. Sunwani replied that though we have English as our medium of instruction in these in-service programs, we will keep this in mind and will follow the bilingual method of teaching and interaction, which is generally done; from now onwards more intensively.

Dr. VK Sunwani also said that future in-service programs would contain advocacy briefs of the NCF 2005

Dr. Sakumar Das suggested that KRPs belonging to the discipline be sent for the subject-specific program and not just anyone at random, say, a teacher another subject being sent for physics, as happened recently.

Dr. VK Sunwani, Professor, stressed that all programs for this year will be completed by end of March 2006. He expressed his concern over the poor response from the

participants. However, Shri Sukhdev Singh assured him that steps have been taken to redress this grievance and no such thing will happen henceforward. On the other hand, he wanted a calendar of RIE activities in advance so that persons can be put on the job immediately. It may not be possible to do so immediately Dr. Sunwani replied, but we can think about it some time in May. These programs have to be passed through the Managing Committee of the RIE, then through the PAC of the NCERT and we receive the final approval generally by May. Only then can we enlighten you about this. Further, we also have our own pre service programs, constraints and limited faculties, so we try to accommodate as many programs, not only of Jharkhand but of all the states and union territories of the eastern region, including the A & N islands.

Dr. Sukumar Das proposed the formal vote of thanks to the Chair, and to all the members of the Committee for having spared some of their valuable time to the cause of education which would benefit both sides.

Total Amount= Rs 76,74,015							

PROGRAMME PROPOSAL CODE: 17.01

1. Programme Title: **Mainstreaming of Innovative Uses of Locally Available Materials / Practices in Primary Schools in Tribal Areas of Orissa.**

2. Need and Justification: Documentation of Innovative uses of locally available material and practices in the school is indispensable irrespective of level of education system. Particularly at primary level it has got utmost importance. There are different forms of teaching aids developed out of locally available materials and used in Primary schools and they have an effective impact on the teaching learning process. In the district of Gajapati (a tribal dominated district) some enthusiastic teachers are actively engaged in the process. In rural primary schools remediation becomes a necessity. As every learner learns at his/her own pace, the time available in a study period to learn is not equal for all. The rural tribal child needs special focus to develop skills and competencies. Most of the learners in the area are first generation learners. Because of the learners getting chance to become nearer to the school and schools becomes engaged for education of parents.

3 (a) Specific Objectives: To examine the impact of innovative use of locally developed materials and practices in developing reading and writing competencies among children and education of parents.

(b) Methodology

- Identification of Primary Schools in Gajapati district and other areas through field visit.
- Recording of innovative uses of locally available materials through field visits, observation and focus group discussion
- Establishing the impact of innovative use of teaching aids on children's reading and writing skills and parental education.

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.02

1. Programme Title: **Orientation Programme on Utilisation of EDUSAT in Curriculum Transaction for Teacher Educators of PTTIs / DIETs of West Bengal**

2. Need and Justification: This is a request programme of West Bengal Govt. EDUSAT is one of the potential medium of telecast of Qualitative Educational Television-programmes and possibilities of wide range of Tele-Conferencing-Network throughout the country for minimizing the educational disparities and for effective transaction of Curriculum in the classroom .

3. (a) Specific Objectives:

1. To enable the teacher educators of PTTIs and DIETs to understand and appreciate EDUSAT for the Quality improvement of School Education
2. To Orient the teacher educators about the plans and strategies for effective Utilisation of ETV Programmes and to supplement the deficiencies of the Class-room instruction
3. To provide the teacher educators first hand knowledge and skills of Tele-Conferencing Network and various other features to update their Curricular requirement by broadening the scope of ICT based learning
4. To provide them adequate exposure regarding the planning, preparation and production of various multi-media packages and skills of Video/ETV Script writing techniques for their productive participation in the process of preparation of educational softwares for their respective states

PROGRAMME PROPOSAL CODE: 17.03

1. Programme Title: Development of a Training Package and Training of Teacher ; : Educators on Disaster Management

2. Need and Justification: Different parts of our country are prone to different kinds of disasters such as cyclone, tsunami, flood, drought etc. So it is essential for the children to be aware of the kinds of disasters, their causes and impact on environment and human life and also how to meet the challenges of disaster. The above aspect can be dealt in schools by the teachers. Therefore, there is a need of training of teacher educators who can later train a large number of teachers.

3. (a) Specific Objectives:

1. To develop a training package for teacher educators on disaster management.
2. To train teacher educators on disaster management.

(b) Methodology

To identify the content related to disaster and its management

To identify the methods of transaction like discussion, brain storming, showing film etc.

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.04

1. Programme Title: Orientation of KRPs in Creative and Productive Work at Primary Level (West Bengal)

2. Need and Justification:

- * Development of desirable competencies by exposing teachers to creative and productive activities is an important aspect of holistic approach to education.
- * To conduct the creative activities by all teachers at primary level effectively in Schools with readiness is an essential part of teacher education.
- * It is a felt need of the State of West Bengal.

3. (a) Specific Objectives:

- To make aware of the importance of creative and productive work as an important component at primary level.
- To develop competencies in practical skills to create materials which are useful for school children.
- To inculcate aesthetic sense in developing materials.

(b) Methodology

- Participatory approach to develop knowledge and competencies in creative and productive work.
- Interaction and practical sessions with participants and resource persons.

PROGRAMME PROPOSAL CODE: 17.05

1. Programme Title: Training Programme for Teacher Educators & DIET Faculty on Inclusive Education for the Challenged Group of Learners at Elementary Stage

2. Need and Justification: Education of differently able group of learners is considered in terms of utility. They are the children first then the question of disability comes. Hence the challenged group of learners have equal right for education and full participation in social activities. It is therefore, necessary to strengthen the process and strategies of inclusive education to achieve goal of EFA including the challenged group. Accordingly the programme is perceived as per the request of Govt. of Jharkhand.

3. (a) Specific Objectives:

To train the Teacher Educators and DIET faculty about the process and strategies for successful completion of inclusive education for the challenged group of learners at Elementary stage.

(b) Methodology

The training will be conducted through participatory mode of transaction.

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.06

1. Programme Title: Training Programme on ICT Pedagogy Integration for Elementary Teacher Educators Through Teleconferencing

2. Need and Justification:

Rapid advances in Information and Communication Technology (ICT) have created ample opportunities in the field of education. Mastering ICT skills and utilizing ICT towards creating an improved teaching and learning environment is of utmost importance to teachers in creating a new learning culture. Many teachers lack the knowledge and skills to effectively use ICT as a tool in facilitating learning in increasingly ICT-pervasive learning. There is a scope for improving the knowledge and skills needed to use ICT as an effective teaching-learning tool. There has been a movement away from the conventional solitary working methodology of teachers towards building multidisciplinary team of teachers, curriculum planners and ICT technicians, who together can provide the range of skills necessary for the preparation of quality IT based teaching materials.

In building the capacities of teachers and other facilitators, it is vital that an increased awareness of the impact of ICT on education and on teachers is developed, in addition to learning how to encourage positive perceptions of technology as an aid, rather than as a substitute.

Pedagogy Technology Integration plays a key role in improving the capacity of teachers for enhancing the quality of instruction. Keeping this in view, the present programme is proposed.

3. (a) Specific Objectives:

- To develop the scope of ICT – Pedagogy integration in teacher education.
- To develop competency-based standards for teacher training in Technology-Pedagogy Integration.
- To develop an understanding of modeling in the education and training of teachers
- To develop the skills needed for using on line testing for self evaluation of the learners

(b) Methodology: Training through Teleconferencing

PROGRAMME PROPOSAL CODE: 17.08

1. Programme Title: Post Graduate Diploma in Guidance and Counselling

2. Need and Justification:

There is need for counselling services at the elementary, secondary and senior secondary level. There is no specialised course to produce counsellors in the eastern region. The trained counsellors will work in NGO, SCERT, Rehabilitation Centres, Marriage and family counselling bureaus, educational, vocational and personal counselling institutions and all type of schools.

3. (a) Specific Objectives:

To prepare counsellors for schools, guidance bureaus and guidance cells of various Department of Education.

(b) Methodology

The course inputs by the RIE faculty, series of guest lectures by experts and practitioners in the field. The trainees will be enriched by school based practicals, educational visits, Career exhibitions, Vocational information brain storming, reflective thinking sessions, peer practices, demonstration of skills, modelling, case studies and case conferences etc.

PROGRAMME PROPOSAL CODE: 17.09

1. Programme Title: Planning and Implementation of Internship-in-Teaching Programme For B.Ed. and B.Sc.B.Ed. Student- Teachers

2. Need and Justification:

Internship is an important component of teacher preparation course like B.Ed. and B.Sc.B.Ed.. As a Part of internship, the Student-Teachers need to be exposed to various school processes in the field, so that they would gain rich school based experiences. For successful implementation of internship programme, the Headmasters / Principals and teachers of the cooperating schools and Institute supervisors need to be oriented on various aspects of the Internship programme and formulate the modus operandi for its effective implementation in real school situation.

3. (a) Specific Objectives:

1. To develop suitable strategies of providing school based experiences to student-teachers with inputs from cooperating school teachers
2. To orient the cooperating school personnel, institute supervisors and student-Teachers on various aspects of internship.
3. To impact practical training to student-teachers on school processes as a part of internship.
4. To supervise and evaluate the performance of student-teachers.

(b) Methodology

1. Orientation of student-teachers on the internship and development of strategies for school based experience.
2. Conference of Cooperating school personnel, Supervisors and student-teachers and discuss about the modalities of organizing the programme.
3. Practical training of Student-teachers in Cooperating schools in various school processes.
4. Evaluation of student-teachers' performance in the internship by cooperating School teachers and institute supervisors.

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.13

1. Programme Title: Relative Effectiveness of Pre-Service Secondary Teacher Training Programmes.

2. Need and Justification: Quality and efficiency of education to a large extent, depend upon the quality of teachers. To meet the county's future needs not only we need trained but competent teachers. But unfortunately, there is no field data to substantiate what is happening in teacher education programme although in India three distinct models of regular face to face pre-service teacher training programmes are operating at secondary level. In Orissa one year B.Ed. teacher preparation is going on, but in RIEs of NCERT both four year integrated and 2 year B Ed. programmes are available. Studies have highlighted a number of factors contributing to teacher effectiveness or success in teaching. Shah (1991), Brain (1998), Deshmukh (1993) and Kurketi (1992) reported positive correlation between teaching aptitude and teaching success. Similarly (NCTE document entitled " Curriculum Framework for Quality Teacher Education (1998) has pointed out that acquisition of competencies alone will not be sufficient until the teacher is fully committed. Sharma (2001) suggested that commitment can be inculcated to a teacher through proper orientation and training. Panda (2001) conducted a study on 2 Year B.Ed. programmes and found that the course is well received by the teachers and students although it needs refinement. Bhattacharjee etc (2002) conducted a comparative analysis of B.Sc. B.Ed. and one year B.Ed. and found that the significant difference between them, so far as commitment and dedication to teaching profession is concerned. Since there are few research studies are available and not comparative study have been conducted on all the three models of secondary pre-service teacher training programmes, it is suggested to conduct the above study. Hence, there is a need to know the effectiveness of the three different teacher education programmes with reference to course content, professional competence, commitment and aptitude towards teaching.

3. (a) Specific Objectives:

1. To study the course content with reference to theoretical inputs, practicum and evaluation practices of all the three models of teacher education programmes.
2. To study the professional competence, commitment and aptitude towards teaching of B.Ed. students of three models of teacher education programmes.
3. To compare the effectiveness of three models of teacher education programmes in relation to the above dimensions of study

(b) Methodology

- Design : Evaluation research method will be followed
- Sample: Sample from 4 year integrated and 2 year students will be randomly selected from RIE, Bahubaneswar. Similarly equal number of one year B.Ed. students will be drawn from selected teacher training colleges from Orissa
- Tools: The following tools will be developed through workshop mode
 - i. _____, Scale to measure aptitude to teaching profession and level of

- ii. Commitment of students.
An observation schedule to measure professional competence in the classroom.

PROGRAMME PROPOSAL CODE: 17.14

1. Programme Title: Content cum Pedagogy Enrichment Programme in Teaching of English for GTTs

2. Need and Justification:

The programme was requested for in the SCC meeting for the UT of A & N islands. On the basis of our earlier experiences in conducting such programmes including the tsunami relief and education programme in March 2005 we are well acquainted with the scenario: educational and geographic. The Key resource persons including teacher educators and teachers will be trained in the latest teaching techniques and development in the teaching of English. The needs of A & N will be analyzed and the training programme so formulated as to address their needs. It is hoped that the training course planned by the RIE will do good to the students and teachers as in the past.

Key resource persons so trained will then be to organize similar programmes for other resource persons in their islands areas. While stress will be on the teaching and learning of English the role of other languages will also be considered, considering the multiplicity of languages in A & N. Salient features of the NCF 2005 will also be told the participants who will thus plan for its advocacy in the UT.

3. (a) Specific Objectives:

1. To acquaint the Key Resource Persons of English with the National Curriculum Framework 2005 with special reference to the place of English and other languages, and English language teaching.
2. To update the knowledge of the participants in the content and methodology of Teaching English.
3. The changes in the objectives of teaching English in the present languages scenario obtaining in our country will be highlighted, so that the communicative role of English can be emphasized.
4. To train the participants to organize similar programmes in their own islands.

(b) Methodology

1. The needs of the participants will be ascertained through a questionnaire. This will also give a general profile of the English teacher. The difficult areas in English will also be obtained through the tool developed for the purpose.

2. We have some material on teaching and training of resource persons at the secondary level which will be made use of. Some more material on specific needs and concerns will be developed.

3. Lecture-cum-discussion, participatory mode of transaction will be followed.

PROGRAMME PROPOSAL CODE: 17.27

1. Programme Title: Development of ICT based Teaching Learning Materials in Science at Secondary level.

2. Need and Justification: ICT is the teaching and learning tool of the 21st century. The National Curriculum Framework 2005 recommends the integration of ICT into schools and ICT has been recognized as a tool for bridging social divides. Research studies on effectiveness of ICT in classroom teaching and learning show that ICT has a positive impact on academic achievement of students and it plays an important role in motivating pupils and raising their self-esteem and confidence. It also enhances pupils' interaction, verbalization and involvement in collaborative learning. It can be used to develop higher order thinking / reasoning skills and creativity.

3. (a) Specific Objectives:

To develop resource materials for ICT based teaching and learning of science

(b) Methodology

1. Identification of topics in science at secondary level for development of resource materials
2. Preparation of script on identified topics and programming details
3. Preparation of software / computer aided teaching and learning materials

PROGRAMME PROPOSAL CODE: 17.28

1. Programme Title: Training programme for Key Resource Persons in the areas of Environmental Education at Secondary level.

2. Need and Justification:

Model syllabi on Environmental Education (E.E.) in schools is recently developed by NCERT (2004) as per the directives of the Honourable Supreme Court of India (18th December, 2003) keeping in view that education has to respond appropriately towards environmental concerns at all levels of schooling as compulsory subject for implementations throughout the country. The New Curriculum Framework 2005(NCERT) has also outlined environmental concerns, under curricular areas-Habitat and learning, which can be best realized by integrating E.E. in different disciplines. In this context, there is an urgent need to orient and train key Resource Persons/Teacher educators on various aspects of E.E. This would help them to develop relevant skills and attitudes towards E.E.

3. (a) Specific Objectives:

To train teacher educators / key resource persons by using the available training materials on Environmental Education.

(b) Methodology

A training programme will be organized to train the Key Resource persons Teacher educators using the available training materials on Environmental Education and newly developed materials by the IRP's and ERP's of the Programme.

1. Programme Title: Training Course on Methodology of Women's Education and Empowerment.

2. Need and Justification:

Education of girls and women is an area of major concern since independence and as such central to the social, political and economic development of the nation and women themselves. Since NCERT is committed to the promotion of girls' education and women's empowerment through suitable interventions in curriculum transaction. As a follow up measure, resource manual is to be developed to train DIET faculty to promote girls' education and women empowerment at grass-root level. Dissemination of the contents of the resource manual from NCERT at the State level is essential to achieve the objectives.

3. (a) Specific Objectives:

- To promote awareness about education and status of women
- To understand women's issues
- To understand the psycho-sociological dimension of girls' education and development
- To prepare the participants as trainers
- To promote girls' education & empowerment at grass-root level

(b) Methodology

Lectures relating to women empowerment from various field and interactive group discussion mode.

4. Other Information:

a) Type:	Training
b) Category	New
c) Total Budget Required:	Rs.1,59,800/-

PROGRAMME PROPOSAL CODE: 17.30

1. Programme Title: Try out of the developed Training materials on integration of value with teaching of Science and Technology at Primary and Secondary levels

2. Need and Justification:

Training material on integration of values with teaching of science & technology in Class I to X has been developed (PAC-17.38 (2004) & PAC 17.25 (2005) which needs to be tried out in real class room situation.

3. (a) Specific Objectives:

To develop materials for orientation of science teachers on Integration approach of Value Education.

(b) Methodology

- Preliminary Meeting with the field personnel and observers.
- Try-out of the material
- Finalization of the material in a workshop

4. Other Information:

a) Type:	Development
b) Category	On-going
c) Total Budget Required:	Rs.2,49,750/-
d) Special Group:	-----

PROGRAMME PROPOSAL CODE: 17.31

1. Programme Title: Orientation programme on concept and methodology of Value Education at Secondary stage for Teacher Educators of the State of Bihar.

2. Need and Justification:

In the present context, Value Education is one of the most important national concerns. NCF 2005 laid stress on the peace education in the school system. The teacher plays an important role for inculcation of value among the children. Thus the relevance of Orientation of Teacher Educators on the concept and methodology of Value Education is of paramount importance. This is a need based programme of the State of Bihar.

3. (a) Specific Objectives:

To orient the Teacher Educators on the concept and methodology of Value Education.

(b) Methodology

Development of training module / package through Workshop mode

- Participatory approach
- Lecture-cum-discussion method
- Group discussion
- Demonstration-cum-discussion

4. Other Information:

a)Type:	Development and Training
b)Category	New
c)Total Budget Required:	Rs.1,99,500
d)Special Group:	----

PROGRAMME PROPOSAL CODE: 17.32

1. Programme Title: Development of activity based teaching-learning materials in Science at upper primary level

2. Need and Justification:

One important weakness in our school science education, especially at the upper primary level, is lack of practical and activities. Without activities illustrating concepts and principles of science, learning of science remains incomplete and becomes sometimes erroneous. Even activities suggested in the textbooks are seldom carried out. Keeping this in mind, the present programme is designed to enable DIET faculty members of West Bengal to develop simple and practicable activities to be passed on to practicing upper primary science teachers.

3. (a) Specific Objectives:

(i) To identify the difficulties associated with conduct of activities suggested in the Science textbooks of upper primary classes and design strategies to facilitate their execution in classrooms.

(ii) To develop simple and practicable additional activities to be carried out by teachers and students to strengthen their understanding of science.

(iii) To encourage teacher educators and teachers to use locally available low cost or no cost materials and design innovative activities.

(iv) To enable teachers to spot activity oriented talents in their students and suitably use them to make science teaching learning more meaningful and interesting.

(b) Methodology

- (i) Science textbooks of upper primary level being followed in West Bengal and those published by NCERT shall be examined to locate areas where simple and feasible activities can be designed with the help of locally available low cost or no cost materials. This will be mostly done in the meeting of internal resource persons (IRPS) and external resource persons (ERPs)
- (ii) A five day workshop shall be arranged in which 30 DIET faculty members from West Bengal dealing with upper primary science will be invited to design innovative activity based teaching-learning materials to be subsequently used by teachers in the schools

4. Other Information:

a) Type:	Development
b) Category	New
c) Total Budget Required:	Rs. 1,89,020/-

PROGRAMME PROPOSAL CODE: 17.33

1. Programme Title: Development of activity based Teaching-Learning Materials in Mathematics at Upper Primary Level.

2. Need and Justification:

Mathematics is an applied subject and it is used in every branch of human knowledge particularly in Science and Technology. Without Mathematical faculty and intuition, advancement in Science and technology is a dream. Hence it is needed to create the right ambience of learning Mathematics in schools starting from primary level, as envisaged in NCF, 2005. To generate interest in Mathematics, it is felt that Mathematical learning must be related to experiment-oriented activities based on the Teaching Learning Materials.

3. (a) Specific Objectives:

To develop an activity based teaching learning materials in Mathematics for upper Primary level identifying the topics from the syllabus.

(b) Methodology

-To study the Mathematics syllabus of upper Primary classes and identify the topics for formulating the activity oriented teaching learning materials (In-house Activity for 2 days)

-Formulation and development of the activities through a 5-day workshop

-Preparation of the Programme Report

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.34

1. Programme Title: Development of Resource materials on Environmental Concerns for Integration through Curricular Subjects at Secondary Level.

2. Need and Justification: "There is a paramount need to create a consciousness of the environment. It must permeate all ages and all sections of society, beginning with the child. Environmental consciousness should inform teaching in schools and colleges. This aspect will be integrated in the entire educational process" (NPE-1986) As per the syllabus of Environmental Education at secondary level developed by NCERT-2004 and as mentioned under curricular areas- Habitat and Learning of the National Curriculum Frame work 2005, the Environmental Concerns are best realized by infusing the components of Environmental Education as part of different disciplines. In this context, the teachers and teacher educators need to have a comprehensive local specific resource material. Hence it is proposed to develop resource materials on Environmental Concerns using local specific examples at secondary level based on the syllabus.

3. (a) Specific Objectives:

To plan the format of writing of resource material
To develop resource material on Environmental Concerns

(b) Methodology

The planning of format for writing the resource material will be taken up in a 2day meeting and the resource materials will be developed in 8 day work shop mode.

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.35

1. Programme Title: Training of Key Resource Persons in Mathematics at Secondary level.

2. Need and Justification:

There is a felt need to upgrade the competencies of Key Resource Persons teaching Mathematics at Secondary level in content as well as Pedagogy. This training programme will facilitate the teaching-learning process and help to increase the professional competencies of the Key Resource persons. With this background and at the request of the state it is proposed to organize a training programme of Key Resource Persons in Mathematics at Secondary level of Jharakhand.

3. (a) Specific Objectives:

To train the Key Resource Persons in Content and Pedagogy in identified difficult areas of Mathematics at Secondary level

(b) Methodology

- Identification of Instructional problems and need of participants through prior Information gathered through questionnaire.
- Preparation of training module on the identified areas of Mathematics to be used in the training programme.
- Holding a need based training programme for enriching participants in content and pedagogy in Mathematics
- Preparation of academic report based on training programme for the use and reference of Key Resource Persons

4. Other Information:

PROGRAMME PROPOSAL CODE: 17.36

1. Programme Title: Training of Key Resource Persons in Development of Instructional materials / Hand-books in Mathematics for teachers of Secondary level.

2. Need and Justification:

National Curriculum Framework 2005 emphasized the need for Teacher Support for effective teaching-learning programme. Instructional material in the form of Teachers' Handbook will be of immense help for the teachers in Mathematics. In order to help in production of the instructional material, Key Resource persons are to be trained in the process & development of teachers' modules to meet the need. This programme has been conceptualized looking into State need.

3. (a) Specific Objectives:

(i) To empower the Teacher Educators on the designing of instructional materials (IMs)

(ii) To train the Teacher Educators on the techniques and process of development of Instructional materials (IMs)

(b) Methodology

(i) Workshop for the development of training package to impart training on the development of IMs.

(ii) Organization of training programme to develop some modules / IMs.

PROGRAMME PROPOSAL CODE: 17.37

1. Programme Title: Revision and Development of 4 year integrated Pre-service Teacher Education Curriculum at Secondary level (B.Sc.B.Ed)

2. Need and Justification: Reviewing and updating of the Curriculum is an essential ingredient of any vibrant Institute's academic system. There ought to be a dynamic curriculum with necessary additions and changes introduced in it from time to time by the respective institute with a prime objective to maintain updated curriculum and also providing there-in inputs to take care of fast paced development in the knowledge of the subject concerned. Revising the curriculum should be a continuous process to provide an updated education to the students at large. The existing curriculum of four year integrated B.Sc.B.Ed. is in vogue for more than a decade. The UGC has developed and brought out a model curriculum in different subjects at undergraduate level in 2001. The NCERT has come out with NCF in 2005. In the light of the recommendations of UGC, NCF and NCTE it is proposed to revise, update and develop the curriculum of the four year integrated pre-service teacher education programme of the Institute.

3. (a) Specific Objectives:

- (i) To update the content knowledge in different subject areas
- (ii) To develop a revised curriculum in the light of UGC, NCTE and NCF 2005 recommendations
- (iii) To provide new inputs in both theory and practicals
- (iv) To evolve a new scheme of evaluation

(b) Methodology

- (i) In-house meeting to plan the structure of the curriculum and modalities of developing the curriculum
- (ii) Workshop to develop a draft curriculum in different subject areas
- (iii) Review of the draft curriculum
- (iv) Vetting of the reviewed curriculum and finalization

4. Other Information:

a)Type:	Development
b)Category	New
c)Total Budget Required:	2,20,000

PROGRAMME PROPOSAL CODE: 17.38

1. Programme Title: Orientation Programme for KRPs on National Curriculum Framework 2005

2. Need and Justification:

NCERT has recently come out with NCF 2005 for school education. A good number of recommendations were made in the NCF document to bring-in qualitative changes at different levels of school education. In this context, there is a need to orient the concerned educational functionaries in the states of eastern region and UT of A & N Islands on the recommendations of NCF 2005.

3. (a) Specific Objectives:

- (i) To acquaint the KRPs with the NCF 2005
- (ii) To update the knowledge of the KRPs in NCF 2005, its philosophy and rationale
- (iii) To train the KRPs to organize similar programmes in their own states

(b) Methodology

Organising a 5 day orientation programme for KRPs on NCF 2005
Various aspects of NCF will be discussed Lecture-cum-discussion and participatory mode of transaction will be followed.
